

BONTON FARMS

Thank you for signing up to serve with Bonton Farms! Our mission is to restore lives, create jobs, and ignite hope, all through the avenue of an urban farm in South Dallas.

What will we be doing?

On the Farm, our daily chores play a crucial role in keeping us on track to produce and sell food for those who need it. On any given day, you can probably expect we'll need help with a few of these chores:

- Feeding and milking the goats
- Taking the goats on a hike for exercise and fresh food
- Feeding the chickens (and the rest of the livestock at the Extension)
- Cleaning out the coops and pens
- Cleaning out water containers
- Moving and laying mulch and wood chips
- Harvesting and helping prune rows of produce
- Watering our trees and veggies
- Helping plant new crops

We may also need help with other projects, which may vary from week to week.

What should we wear?

Please plan to wear:

- Clothes you don't mind getting a little sweaty or dirty
- Short- or long-sleeve t-shirt (longer sleeves protect against bugs and the sun!)
- Work pants or jeans
- Closed-toe boots/tennis shoes

What should we bring?

We also recommend you bring:

- Plenty of water to keep hydrated
- Sunscreen and insect repellent
- A pair of garden or work gloves
- Spending money for fresh produce, honey, or t-shirts
- A signed waiver if you're new

Thank you again for choosing to serve with Bonton Farms! If you have any other questions, please feel free to reach out to us. We look forward to seeing you at the farm!
